PROFHILLO®

Profhilo® Skin Remodelling

FACE OR NECK COURSE OF TWO - £440

MAINTENANCE - £225

Profhilo® is an exclusive skin remodelling treatment designed for individuals with ageing skin that is lacking volume and elasticity. Profhilo® stimulates the production of collagen and elastin through the slow release of Hyaluronic Acid (HA) and in doing so significantly improves the appearance of fine lines and wrinkles as well as increasing hydration and firmness across the face resulting in an overall rejuvenated appearance. Profhilo is an injectable hyaluronic acid based product for treating skin laxity. With one of the highest concentrations of hyaluronic acid on the market, it is not only boosting and hydrating the skin, but also remodelling the ageing and sagging of tissue. If you feel your facial tissue quality has dropped significantly but are not ready for dermal fillers yet (or ever), then Profhilo® is the answer!

PERFECT FOR INTENSE HYDRATION, RADIANCE AND
SKIN TIGHTENING

Seventy Hyal 2000

ONE TREATMENT £150

TWO TREATMENTS (BOOKED TOGETHER) - £290

THREE TREATMENTS (BOOKED TOGETHER) - £390

Seventy Hyal 2000 is a bio-stimulating, injectable Hyaluronic Acid (HA) skin booster that aims to improve hydration levels within the skin. This skin booster also works to simultaneously stimulate the production of new collagen and elastin. As we age, we lose approximately 1% of our Hyaluronic Acid (HA) stores per year after the age of 30. Thus, resulting in fine lines and loss of facial volume. Seventy Hyal 2000 treats the physiological depletion of Hyaluronic Acid within the skin via the infiltration of Hyaluronic Acid (HA) back into the skin's dermis. This skin booster acts as the perfect skin rejuvenation treatment to improve skin texture and skin laxity whilst adding gentle volume. It can be used for facial enhancements to create a gorgeous, glowing appearance. Alternatively, this treatment can be used to rejuvenate and refresh the neck area, décolleté and hands.

PERFECT FOR INTENSE HYDRATION, SUBTLE
AUGMENTATION AND GLOWING SKIN

Dermaren Lumi Eyes

ONE TREATMENT £120

COURSE OF 3 £300

Lumi Eyes is a high-quality injection product based on polynucleotides that repair damage to the dermis with tissue regenerating material. Ruthlessly destroys dark circles under the eyes, moisturises and fights fine wrinkles, as well as smoothing and lifting the skin under the eyes. As a tissue booster, it has a proven rejuvenating effect. Stimulation of the skin cells, collagen and elastin allows to delay the ageing processes and strengthens the skin. It improves the firmness, density and quality of the skin in an extremely natural way. Dermaren Lumi Eyes stimulates the skin to self-regenerate.

**PERFECT FOR ILLUMINATING AND ENCOURAGING
SKIN CELL REGENERATION**

PERFECT FOR DRY SKINS

ANTIOXIDANT POMEGRANATE FACIAL (SPRING / SUMMER) - £65

You will see immediate glowing results with this specialised electrical and calming treatment. Not only preparing your skin for the spring and summer months approaching, this treatment will also harmonise the body's energy for a more relaxed state of wellbeing.

This treatment begins with a deep cleanse using o-zone steam, hydro-dermabrasion and manual blackhead extractions, optional dermaplane to reveal the glow that hides beneath dead skin & vellus hair.

A nutritious pomegranate enzyme treatment is then applied to the skin, combining my favourite Lactic and Salicylic Acids to ensure your skin is exfoliated and deeply hydrated. These treatments also provide a mini-resurfacer for increased cell turnover thanks to its 'Pacman' approach to eliminating dead skin cells.

Sinking into the heated treatment bed, Hatty will use frangipani salt scrubs around the shoulders to unravel persistent muscular tightness, and will then be massaged with warm oils. This treatment is to relieve stress and to create a glow from the inside out.

An invigorating massage whilst the full-face oxygen mask works its nourishing magic, the facial will finish with Hatty's Gua Sha routine including pressure points and calming Icey Globes.

C.E.O GLOW FACIAL (SPRING / SUMMER) - £65

Recharge the radiance of your skin with Vitamin C. Fight off dullness, dark spots, and looming discolorations, while diminishing the signs of aging.

Wrapped up in our heated treatment bed, taking your skin goals on board, the facial begins with an ozone steam, brightening cleanse followed by dermaplane with nourishing oils. Next follows a lymphatic facial massage to stimulate circulation while depuffing the skin. Vitamin C is the C.E.O of antioxidants, this is why summer is the perfect time to fight those free radicals with a sun damage and pigment fighting superficial skin peel. Whilst the hydrating sheet & LED mask works its magic, a revitalising hand and foot massage kneads tension away. Cold hammer reduces inflammation within the skin and no-needle meso therapy encourages further absorption of Vitamin C crystals. Ending with serums and moisturisers.

SUMMER SKINRISE FACIAL (SPRING / SUMMER) - £75

Start those warmer months with a rejuvenating facial treatment to best prepare your skin for wedding, holiday and special occasion months. The facial starts with a o-zone steam cleanse and hot mitts, with cleansers full of 'skin activators' to eliminate impurities & prep the dermis for maximum benefits for the next steps of the facial Hydro Dermabrasion exfoliation combines targeted blasts of purified water hydration with gentle skin resurfacing, further ridding the dermis of bacteria & dead skin cells build up. The skin is then infused with pure Oxygen Therapy which stimulates skin cells with the extra oxygen required to effectively thrive and survive, resulting in an instant healthy plumper look to your skin. A bespoke cocktail of hydrating regenerating serums are infused into the skin via mesotherapy or ultra-sound technology which deeply penetrates the dermis for maximum absorption of vital ingredients, which obviously results in maximum benefit to skin! Cryotherapy cools & seals in the enhancing & regenerative properties of the previous facial steps, tightening the pores and the overall dermis. Lastly a hydrating soothing mask is then applied & combined with ten minutes of exposure to medical grade LED Light Therapy, a powerful tool that locks in hydration, further stimulates collagen, heals acne & eliminates toxins all whilst sending endorphins to the brain for the ultimate feel good factor! Your skin will be left with an enviable glow post treatment.

PEPTIDE ESSENCE FACIAL (SPRING / SUMMER) - £80

This treatment is the perfect entry to the peptide family, utilise this facial to relax the appurtenance of fine line and wrinkles, while plumping and firming skin for a youthful boost. Help to re-energise and strengthen increasingly tired skin, soothe irritated compromised skin, increases hydration level.

The facial starts with a o-zone steam cleanse and hot mitts, followed by optional Dermaplane. L-ascorbic acid is the purest most bioavailable form of Vitamin C. This helps strengthen antioxidant defences, fight oxidative stressors, and help skin appear younger for longer. In this facial we use Professional-C 15% serum, a high-performance serum developed for most skin types.

We then apply the Professional-C Peptide Complex. This is a potent product containing Vitamin C and the peptides Kinetin and Zeatin – synthetic forms of plant growth factors. The SNAP-8 present helps firmness, tone, fine lines and wrinkles over time, we then apply a Radio Frequency probe to heat the deeper dermis of your skin which instantly tightens and sculpts!. Ending with a mask containing hyaluronic acid alongside LED light therapy containing multi-peptides for an added boost of hydration and skin nourishment, not forgetting the all-important SPF as a final step. There is no downtime and skin appears glowing and hydrated immediately.
